

PROJECT UPDATE | ISSUE 4 | SEPTEMBER 2017

The development team has worked hard and diligently on this project and we are happy to report that infrastructure works are now nearing completion. As can be seen from the progress photos overleaf, the Casey Green estate is well and truly starting to take shape, with works on the bridge connecting the estate to Centre Road currently underway.

The next stage of works is in relation to the exciting construction of individual homes, which we are happy to advise is on track for commencement in the 4th Quarter of 2017.

We will continue to provide you with quarterly updates as the project progresses and transforms.

In the meantime, if you have any queries regarding the development, please feel free to contact your sales representative.
